Bulbs for Spring and Winter

Spring is flowertime—Here in this little book we are offering such spring flowers as will make a delight of your garden from the time the snow is off the ground till mid-June, Crocuses, the hardiest of all—Tulips—Narcissi—Hyacinths—all favorites for years—and best of all, those leaders of all spring flowers—Peonies and Irises.

There's delight in the garden to most of us. Changing seasons bring new pleasures, new interests. An investment in bulbs means constant returns in enjoyment with the minimum of work—care and attention. We wish you the best for your garden. Plant as early as you can this fall and your garden in the spring will reward you.

General Planting Directions

CROCUS. Outdoors. Plant about 2" below surface of soil during fall months.

Indoors. Plant 1" under soil in spots. Use medium temperature for forcing.

IRISES. May be planted any time from now until frost. Plant them so that the top of the rhizome is about 2" below the surface of the soil.

PEONIES. Plant them about 3" or 4" below surface of soil. Cover lightly after first slight frost.

Indoors. Plant bulb level with surface of soil.

TULIPS. Indoors. Plant same as Hyacinths. You can force them to bloom from January until Easter.

Outdoors. Plant bulbs about 4" below surface of soil. Cover lightly. Plant well before frost.

Tulips

For early spring beauty nothing equals the Tulip in variety of color. Plant them in beds or in pots in the house. They will flower freely under all conditions. It is a good plan to plant Crocuses in the same bed. Plant Tulips 5 or 6 inches apart and cover them from one-half to twice their depth. Plant 4 to 6 bulbs in a pot.

A good fertilizer or bone meal is an aid to better blooms. Cover the beds during the winter months.

Our Imported Dutch Bulbs are of exceptionally fine quality.

Darwin Tulips

A splendid May-flowering type, bearing large globular flowers, very brilliant in color, on exceedingly tall stems. They are the most popular of all the Tulip family and produce a most beautiful effect when planted in groups of solid colors. Also very valuable as a cut flower, as they last a long time in water.

BARONNE DE LA TONNAYE. Bright rose, margined blush-rose. Height 26 inches. 60c per doz.; \$4.50 per 100; \$40.00 per 1000.

BARTIGON. A very showy, shapely flower of good substance on a strong stem; fiery crimson with pure white base, broadly ringed deep blue. Height 28 inches. \$1.10 per doz.; \$8.00 per 100; \$70.00 per 1000.

BLUE BIRD. Very handsome variety of a striking mauve-blue shade. Large flowers on strong stem. Splendid for forcing and bedding. 90c per doz.; \$7.00 per 100.

CLARA BUTT. Clear pink, flushed salmon-rose; inside much deeper, with blue base. Beautiful out of doors. Height 21 inches. 75c per doz.; \$5.50 per 100; \$45.00 per 1000.

DREAM. Pale heliotrope, inside deep violet with blue base. Height 27 inches. 70c per doz.; \$5.00 per 100.

EDMEE OR BEAUTY. Vivid cherry-rose, edged soft old-rose, the brightest color in this type. Large flower of great beauty. Height 25 inches. 90c per doz.; \$7.00 per 100.

EUROPE. Salmon-scarlet, shaded rose with white base; medium sized flower on strong stem. Height 22 inches. 75c per doz.; \$5.50 per 100; \$50.00 per 1000.

FARNCOMBE SANDERS. One of the leading varieties. Flowers of very large size, of a rich geranium-scarlet, tinged with rose. Height 25 inches. 75c per doz.; \$5.50 per 100; \$50.00 per 1000.

GLOW. Dazzling vermillion-scarlet, with white base; good-sized flower of distinct shape. Height 23 inches. 75c per doz.; \$5.50 per 100; \$50.00 per 1000.

Double Early Tulips

Double Tulips are preferred by some for their massiveness of bloom and for their brilliant and striking colors. The blooms are much more lasting than the single kinds making them very popular for pots and pans. Care should be taken, however, when growing this way not to force too rapidly as the grandeur and lasting qualities of the blooms are lessened by excessive forcing.

For growing in beds and borders we suggest only one color; however, certain varieties blend well together and we are always glad to recommend good sorts for this purpose.

COURONNE D'OR (Crown of Gold). Golden yellow, flushed orange. A magnificent flower of great beauty. 75c per doz.; \$5.00 per 100.

IMPERATOR RUBRORUM. Bright scarlet. 75c per doz.; \$5.50 per 100.

MURILLO. Delicate blush-pink. A very fine flower with a lovely color. 75c per doz.; \$5.00 per 100.

RUBRA MAXIMA. Rich, dark scarlet. A grand bedding sort. 75c per doz.; \$5.00 per 100.

TOURNESOL. Red and yellow. Very pretty. 75c per doz.; \$5.50 per 100.

Single Early Tulips

October and November are the best months for planting and to grow them to perfection the bulbs should be planted about five inches apart and three to five inches deep. Generally speaking, the single flowering varieties are by far the most brilliant and showy for outdoor planting. Tulips grow very well in pots with from three to twelve bulbs in each pot or bowl.

BELLE ALLIANCE. This is considered one of the best scarlets for bedding; always does well. 65c per doz.; \$4.75 per 100.

COTTAGE MAID. White, bordered and suffused rosy pink; makes a beautiful bed. 75c per doz.; \$5.50 per 100.

KEIZERKROON. Carmine-scarlet with broad yellow border. This is an old variety, but remains a great favorite for bedding. 75c per doz.; \$5.50 per 100.

ROSE GRIS-DE-LIN. Very fine; beautiful as a border; dwarf; bright pink. 75c per doz.; \$5.50 per 100.

WHITE HAWK. A very pretty pure white of heavy texture, lasting well. 75c per doz.; \$5.50 per 100.

24 Assorted Cottage
Tulips \$1.45

Cottage or May Flowering Tulips

The Cottage Tulips come into bloom in early May, after the early single varieties have passed. They are hardy and robust, with long, slender, but very stiff stems. The flowers are mostly long and oval, many of them with the petals gracefully reflexed. The Cottage Tulips as a class are rich in the more delicate and artistic shades of yellow, orange, and fawn with salmon, old rose and amber. They are the best of all Tulips for cutting and they develop best when planted outdoors, including the earlier kinds of Tulips.

BOUTON D'OR. Deep gold yellow, of great value for cutting. 65c per doz.; \$4.75 per 100.

FAIRY QUEEN. Heliotrope and yellow. 75c per doz.; \$5.50 per 100.

GESNERIANA SPATHULATA. For bedding out in masses deserves to be largely grown. Large flowers on long, graceful stems. Color rich crimson-scarlet, with glistening blue-black center. Height 18 to 24 inches. 65c per doz.; \$4.50 per 100.

INGLESCOMBE PINK. Salmon-pink, blue base; very brilliant. Height 18 inches. 75c per doz.; \$5.50 per 100.

INGLESCOMBE YELLOW. Glossy canary-yellow. The large, globular flower has the true shape of the Darwin Tulip, hence is called the "Yellow Darwin." Height 20 inches. 75c per doz.; \$5.50 per 100.

MRS. MOON. The largest and finest golden-yellow late Tulip. Height 24 inches. 75c per doz.; \$5.50 per 100.

PICOTEE or MAIDEN'S BLUSH. Long, clear white, daintily edged with pink, which suffuses the entire flower as it ages; a very fine cut flower. Height 24 inches. 65c per doz.; \$4.75 per 100.

SALMON QUEEN. A most beautiful shade of salmon-rose. 75c per doz.; \$5.50 per 100.

SCHULZ'S Unsurpassed Mixture of Cottage or May-flowering Tulips, 65c per doz.; \$4.75 per 100.

Narcissus

We have been very fortunate in securing a number of bulbs of the Giant Trumpet Narcissus. These are free from any sign of disease and it is our belief they will flower earlier and give as much general satisfaction as the Dutch imported bulbs did in the past.

We are fortunate in being able to offer these at prices that approximate prices on Dutch bulbs.

BICOLOR VICTORIA. 20c each;

\$2.00 per doz; \$12.50 per 100.

EMPOROR. 20c each; \$2.00 per doz; \$12.50 per 100.

Crocus

Among the extra early Spring flowers, none surpasses the Crocus for spreading cheer at a season when there is very little color outdoors. They are very attractive when planted in the lawn in clusters of 50 or 100. However, in order to save the bulbs from year to year, the foliage must be given a chance to mature, so that it is not wise to plant them in closely cropped lawns. It is really better to plant them as an edging to beds or borders. Yellow, white, blue and striped. 35c per doz.; \$2.25 per 100; \$20.00 per 1000.

Dutch Hyacinths

An Early Flower and a Great Favorite for House or Garden

In a garden plant them in well drained soil loosened to a depth of about 12 inches. Plant the bulbs 6 and 9 inches apart and about 3 or 4 inches under the surface. Cover the beds during cold months with leaves or well rotted manure. Plant in late September or early October.

For house use, plant in pots, bowls or boxes, using a porous soil well mixed with rotted manure and sand. Be sure there is good drainage. Plant only one bulb to a 5-inch pot—proportionately for larger pots or window boxes. Remove sprouts from the base of the bulb before planting. Put $\frac{3}{4}$ of the bulb below the surface; keep in a dark airy place until the roots are well established and then bring to the light.
